ROAD RACE MEASUREMENT CERTIFICATE

Race Information

Name of the course _____
Certificate number _____ Distance _____ Race date _____
City _____ Province _____
Race contact name _____ Race contact email _____

Course Information

Start elevation _____ Finish elevation _____
Elevation change _____ Percent separation _____

Measurer Information

Measurer name _____
Measurement date _____ Expiry date _____

Official Notice

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the **Road Running Technical Council**. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Validation of Course

In the event a **National Open Record** is set on this course, or at the discretion of **Athletics Canada**, a validation remeasurement may be required to be performed by a qualified measurer. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

As Nationally Certified by

Signature of certifier _____ Date _____

Athletics Canada Certified
 NS-2016-073-BDC
 Certification Expires Dec. 31/2025

The Route: The start line is on Raymond field at Acadia University. The runners start and run out through the North gate and take a right in behind the field down the road that goes in behind the steam plant and past for Farmer's Market. They then take a right on Elm Street and go up to Main Street where again, they turn right. Runners head West on Main Street. They turn right on Highway 358 and run north towards Port Williams. Once in Port Williams, the runners will turn right on Kars Street and turn right onto Stars Point road which then turns into Church Street. From Church, runners will turn right onto Wellington Dyke Road, right onto Canard Street, left onto Saxon Road and right on the Canning Aboiteau Road. Once at the end of Canning Aboiteau, runners turn right onto Hwy 221 where they turn left up Longspell Road. Runners will then turn left on Jackson Barkhouse road, left on Weaver for a very short time until connecting back up turning right on Jackson Barkhouse road. Runners will head north to North Medford road and turn right. They will then go to the end where it turns to graded gravel and turn around at the third telephone pole past civic 953 North Medford Rd. They will take their first left down Medford Road to Longspell and then left on Longspell, right on Water Street and right onto Hwy 221 where they will then run West and retrace their steps back to Wellington Dyke. At the intersection of Wellington Dyke and Church, runners will turn right and then take a left on Collins Road. At the end of Collins Rd, runners will turn right onto Stars Point road and then left onto Kars Road. Runners will then take a left on Hwy 358. Runners will turn left on Hwy 1 (Main Street) and run east into Wolfville. Runners will turn left at the stone pillars that lead from Main Street onto Raymond field at the south east corner of Raymond Field. They are then directed to the east side of the running track and they run around the track in a counter clockwise direction until they reach the finish line.

How much of the road width is available to runners throughout the road race course? Runners will have the entire road available to them as they head out from the start to Kars Rd in Port Williams. Once they hit Kars Road, they will have to keep the left hand side facing traffic as roads will then be opened. When they turn down Wellington Dyke, that road will be closed to traffic until all runners have passed so they will have most of the road to run on except it will be opened to local traffic only. The rest of the route out, runners will need to keep left as no other roads will be closed. Upon the return, runners will need to keep left crossing Hwy 358 and heading back on Main to Wolfville as the roads will be opened back up to traffic 3 hours after the commence of the race.
