### Course Information

Start elevation 10 m Finish elevation 10 m

Elevation change 0 m/km Percent separation 0

### Measurer Information

Measurer name Perry Abriel pabriel@eastlink.ca 902-865-4665

Measurement date April 17/2017 Expiry date Dec. 31/2026

## Official Notice

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the **Road Running Technical Council**. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

### Validation of Course

In the event a **National Open Record** is set on this course, or at the discretion of **Athletics Canada**, a validation remeasurement may be required to be performed by a qualified measurer. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

### As Nationally Certified by

# Run Our Shore 10 Km Liverpool NS

## START/FINISH AREA

The Start/Finish Line is in Parking Lot 2 of the Queens Place Emera Centre. Access to Parking Lot 2 is via the second driveway to the right as the runners come up the Old Cobbs Barn Road entrance to the Emera Centre. An imaginary line runs from the west curb of Parking Lot 2, across the lot to the support post supporting the middle outdoor basketball net in the lot. This line starts on the west curb exactly 6.8 meters out from the south curb. See Map Insert.

Athletics Canada Certified  
NS-2017-020-BDC  
Certification Expires Dec. 31/2026

Runners are to run on the left side of the road facing traffic. On the main highway runners run 60 cm from the left edge of the highway.

The Turnaround Point for the 10 Km is on the Brooklyn Shore Road in Brooklyn, Queens Co. The runners go just past the intersection of Mt. Pleasant Road on the north side of the road and just past the house with civic address #428 on the south side of the road. There are three power poles on the north side of the road just past Mt. Pleasant Road. There is a distribution transformer on the top of first pole, and a street light on the top of the third pole. The second pole does not have anything at the top. The turnaround is in the middle of the road on an imaginary line running perpendicular across the road. This imaginary line is between the second and third pole exactly 33.5 metres to the west of the center of pole #3. The turnaround is marked on each side of the road with PK nails and orange paint.

The turnaround is in the middle of the road on an imaginary line running perpendicular across the road. This imaginary line is between the second and third pole exactly 33.5 metres to the west of the center of pole #3.
