At the intersection of Lakeshore and Jorene, where the 5k runners turn left, continue with the pylons on the right to Crerar Blvd.

At top of Crerar, runners go straight across Front Road and turn left, now running on paved bike shoulder on right side. They stay on the right as they turn onto Days Rd. and continue up Days Rd. on paved shoulder on right.

black/orange cone will be placed in the middle of intersection that runners have to go around on right side.

Part way down Henderson there is an 'S' curve in the road. Runners need to stay on the right side, not cut into the centre of the road to take a shorter route. Pylons will be placed

At Henderson Blvd, numers stay to right up to where paved blke shoulder ends. They

At Bayridge and Hudson, place keep pylons on right straight through intersection and then make a sweeping curve across intersection to right side of Henderson Blvd. A large then continue up to Taylor Kidd Blvd. There is no paved shoulder here. The police will only allow alternating one way traffic in this section, they are aware of this issue.

At intersection of Bayridge Dr. and Cataraqui Woods Dr. large black/orange pylons will be placed to lead the runners onto the paved bike path. Runners will keep to the right of the pylons. Marshals shall ensure this.

There are a couple of roundabout intersections on the bike path. The route was measured as shown and pylons will be placed there to ensure the runners follow the same route. Marshals will also look after this.

At Collins Bay and Taylor Kidd, there will be pylons on the white line of the paved shoulder right up to the intersection. Large black/orange pylons will be placed in the intersection, at the start, in the middle and at start on other side. Runners round this turn keeping to the right of the pylons. Marshalls will control this.
