Certificate number _____ Distance _____ Race date _____
City _____ Province _____
Race contact name _____ Race contact email _____

Course Information

Start elevation _____ Finish elevation _____
Elevation change _____ Percent separation _____

Measurer Information

Measurer name _____
Measurement date _____ Expiry date _____

Official Notice

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the **Road Running Technical Council**. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Validation of Course

In the event a **National Open Record** is set on this course, or at the discretion of **Athletics Canada**, a validation remeasurement may be required to be performed by a qualified measurer. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

As Nationally Certified by

Signature of certifier Paul T.B. Adams _____
Date _____

Petroleum Way Calibration Course Edmonton, Alberta

Measured by Dave Keenan, AIMS/IAAF Grade "C" Measurer
Assisted by Michelle Poscente

The 300.000 metre calibration course was set on a paved bicycle path, parallel to Petroleum Way, close to 17th Street. Concrete nails with plastic washers were used to mark the ends of the course. The measurements were made on the center of the path, on the yellow dividing line.
