City _____ Province _____

Race contact name _____ Race contact email _____

Course Information

Start elevation _____ Finish elevation _____

Elevation change (m/km) _____ Percent separation _____

Measurer Information

Measurer name _____

Measurement date _____ Expiry date _____

Official Notice

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the **Road Running Technical Council**. If any changes are made to the course which results in a course that is less than the stated distance, this certification becomes void, and the course must then be re-certified.

Validation of Course

In the event a **National Open Record** is set on this course, or at the discretion of **Athletics Canada**, a validation remeasurement may be required to be performed by a qualified measurer. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.
