The West Pin is located on the north edge of the roadway just east of the gravel parking area. The road is very quiet and good for calibration, but does not have any good references so it is best located using a GPS device. The pin is approximately 72.5m east of the white curb line on 56th Street.

The East Pin is located 350m east of the West Pin. Again, there are no good references.

The map coordinates are:
