## Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If *any* changes are made to the course, this certification becomes void, and the course must then be recertified.

Validation of Course — In the event a National Open Record is set on this course, or at the discretion of Athletics Canada/Run Canada, a validation remeasurement may be required to be performed by a qualified measurer. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

| be rejected and the course certification will be cancelled.                                  |           |              |  |

## April Fool's Run Calibration Course - Halfmoon Bay, BC

A = at end of Cooper Rd, at Fawn, end of centre line.

Marked with surveyor's ring and spray paint on centre line.

B = 500m west of A, marked on white centre line with surveyor's ring and spray paint. Just past Connor Rd intersection.

Measured with steel tape from A to B along centre painted line (there is no shoulder line on this road). Nearly flat.
