Use this Certification Code in *all* public
announcements relating to your race.

Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If *any* changes are made to the course, this certification becomes void, and the course must then be recertified.

Validation of Course — In the event a National Open Record is set on this course, or at the discretion of Athletics Canada/Run Canada, a validation remeasurement may be required to be performed by a qualified measurer. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 in the year 2021

Chilly Chase - Vancouver, BC

10 km Run

Notes:

1. For the certification to be valid the course must be laid out as described on this map and runners must be restricted as noted in point 2.
2. From the start to the turnaround or to Stanley Park the route is on the seawall path. In many areas there are two paths in parallel, a pedestrian path and a cycle path. The route follows the pedestrian path and runners must be restricted to the pedestrian path and where the cycle path would provide a shorter distance the runners must be restricted to the pedestrian path by a positive means; for example, through the use of barriers or traffic cones.
