Notice to Race Director
Use this Certification Code in *all* public
announcements relating to your race.

Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If *any* changes are made to the course, this certification becomes void, and the course must then be recertified.

Validation of Course — In the event a National Open Record is set on this course, or at the discretion of Athletics Canada/Run Canada, a validation remeasurement may be required to be performed by a qualified measurer. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 in the year 2022

Burrard Inlet

Coal Harbour

The start line is on Pipeline Rd., 2 meters south of a double-posted Park Board sign on the island that bridges the two entrances to the parking lot. On the east side of the road. It is also 1.5 meters north of a 'No parking' sign adjacent to the sidewalk on west side of the road.

Note: The runners complete their loop of the Park, run through the start line again and make a left turn at the road marking the north end of the rose garden to the finish.

- Notes:**
- The course is run on Pipeline Rd., Stanley Park Dr., and Pipeline Rd Extension (complete road closures). The certification is not valid if the course is not set out in accordance with this map.
 - Map and detail areas not drawn to scale.
 - Pedestrian seawall paths are not indicated on this map.

Approaching the Brockton Pt Lighthouse, runners are to run the shortest possible path around the curve all the way to the lighthouse; they are not to take the shortcut (barricade it!).
