## Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If *any* changes are made to the course, this certification becomes void, and the course must then be recertified.

**Validation of Course** — In the event a National Open Record is set on this course, or at the discretion of Athletics Canada/Run Canada, a validation remeasurement may be required to be performed by a qualified measurer. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

*This certification expires on December 31 in the year 2023*

Athletics Canada Certified

NS-2014-109-BDC

Certification Expires Dec. 31/2023

The start and finish line are adjacent to the centre line (45 line) of the football field on Raymond Field. It is located on the inside lane of the running track on the west side of the field (closest to grandstand).

The start and finish lines are not marked with a pk nail for obvious reasons of damage to the turf but it is easy to locate with permanent markings on the field for football.

The turnaround point is at the wharf in Kingsport. - perpendicular to the center of the 21<sup>st</sup> post inward from the end of the board walk and 4.47 meters out from the post in the approximate middle of the wharf deck. This is the full marathon turn around point.

The start line is on Raymond field at Acadia University Wolfville. The runners start and run out through the North gate fence and take a right in behind the field down the road that goes in behind the steam plant and past the farmers market. They then take a right on Elm, left on Front, right on Central ave and right heading west down Main Street. Coming back for the finish, they take a left at the stone pillars and enter Raymond field from the south gate running counter clockwise on the inside track to the finish line.
