Name of the course _____
Certificate number _____ Distance _____ Race date _____
City _____ Province _____
Race contact name _____ Race contact email _____

Course Information

Start elevation _____ Finish elevation _____
Elevation change _____ Percent separation _____

Measurer Information

Measurer name _____
Measurement date _____ Expiry date _____

Official Notice

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the **Road Running Technical Council**. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Validation of Course

In the event a **National Open Record** is set on this course, or at the discretion of **Athletics Canada**, a validation remeasurement may be required to be performed by a qualified measurer. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

The Parker Mountain Road 300 Meter Calibration Course is located on the Parker Mountain Road in Granville Ferry Nova Scotia. The calibration course is on a straight portion of the road approximately 1 Km north of the intersection with Highway # 1.

The calibration course runs between civic address # 139 and civic address #205 on the Parker Mountain Rd.

The north end point of the course is on an imaginary line crossing the road in line with a short power pole on south edge of the lawn area for residence #205.

The south end point of the calibration course is on an imaginary line running across the road that starts in the driveway of civic address # 139. This line is approximately 1.5 meters south of large tree marking the north side of the driveway.

The calibration course is approximately 0.5 meters from the west edge of the pavement. The two endpoints are marked with PK nails and orange spray paint.

Measured on May 28, 2019, Sunny and Dry conditions.
