Certificate number _____ Distance _____ Race date _____

City _____ Province _____

Race contact name _____ Race contact email _____

Course Information

Start elevation _____ Finish elevation _____

Elevation change (m/km) _____ Percent separation _____

Measurer Information

Measurer name _____

Measurement date _____ Expiry date _____

Official Notice

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the **Road Running Technical Council**. If any changes are made to the course which results in a course that is less than the stated distance, this certification becomes void, and the course must then be re-certified.

Validation of Course

In the event a **National Open Record** is set on this course, or at the discretion of **Athletics Canada**, a validation remeasurement may be required to be performed by a qualified measurer. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

Prince Albert River Street Calibration Course

Calibration course is 300m in length along the north side of River Street East between the intersections with 13th Avenue East and 15th Avenue East. The course was measured 1m out from the edge of the curb. The west end of the course begins near the ramp leading to the Rotary Trail from the intersection of 13th Avenue East and River Street East. The nail is 5.52m east of the ramp and 1m from the curb. The east end of the course is in line with the light post between house 1423 and house 1419. The nail is 1m from the curb, 14.46m across from the light post, and 16.5m from a fire hydrant on the grass.
