Race Information

Name of the course _____
Certificate number _____ Distance _____ Race date _____
City _____ Province _____
Race contact name _____ Race contact email _____

Course Information

Start elevation _____ Finish elevation _____
Elevation change (m/km) _____ Percent separation _____

Measurer Information

Measurer name _____
Measurement date _____ Expiry date _____

Official Notice

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the **Road Running Technical Council**. If any changes are made to the course which results in a course that is less than the stated distance, this certification becomes void, and the course must then be re-certified.

Validation of Course

In the event a **National Open Record** is set on this course, or at the discretion of **Athletics Canada**, a validation remeasurement may be required to be performed by a qualified measurer. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

Cape Breton Fiddlers Marathon

Imperial Oil ESSO

Turnaround Point #2

The second turnaround point is in line with the telephone pole that is on the north side of 338 Westmount Road, on the south side of Ingrahams Lane.

Athletics Canada Certified
NS-2025-019-BDC
Certification Expires Dec 31/2034

Turnaround Point #1

The first turnaround point is in the center of the road on an imaginary perpendicular line which is exactly 81.5m west of a telephone pole on the north side of Sunrise Drive, outside of 28 Victoria Hill.

Start/Finish

The start/finish is the same location on Ortona Drive in Sydney. It is an imaginary line that is perpendicular with the east side of the road and extends from the south corner of a storm drain that is 54.76m north of the telephone pole, that is on the corner of Ortona Drive and Desbarres Street.

Where the Runners are Allowed to Run:

- ER – Entire Road
- SLWS – Single Lane West Side
- SLNS – Single Lane North Side
- SLES – Single Lane East Side
- SWWS – Sidewalk West Side

Course Description:

From the start the runners run north on Ortona toward the Imperial Oil Esso, where they must make a right turn, then come to another right turn onto George Street. They will continue to Desbarres where they make another right turn and run back to Ortona/Esplanade. This loop is entirely closed to traffic except for George Street, where only the southbound lane closest to the curb will be closed to traffic. From this intersection, the runners turn left and cross over to the west side of Esplanade, where only the lane closest to the curb is closed to traffic. They continue in the south direction past Townsend where Esplanade turns to Kings Rd. and then on past Churchill Street. From Kings Rd. they turn right onto Lewis Drive which joins Harbourview Drive. They turn right on Keltic Dr. and cross the Sydney River Bridge (on the North side), turning right immediately onto Riverdale Dr., then turning right onto Victoria Hill. At the bottom of Victoria Hill, the runners turn right onto the north side of Sunrise Dr., continue to the first turnaround point, then run on the south side of Sunrise Drive to where it intersects with Westmount Rd. They cross over onto Westmount Rd where they run only on the sidewalk, continuing several km north then turn left onto Ingrahams Ln. Here, they only run a short distance to the second turnaround point, then return. They follow the same route, same lanes back with the following exceptions: 1. They run on the north side of Sunrise Dr to Victoria Hill then turn right without going back to the first turnaround point. 2. They run north straight up Esplanade to the Start/Finish, past Desbarres, without completing the initial loop. They repeat this the second time.
