Certificate number ON-2026-027-PTBA Distance 1.0 km; 21.0975 km Race date 2026-09-26

City Ottawa Province Ontario

Race contact name Roger Burrows Race contact email roger@bytownwalkers.ca

Course Information

Start elevation 60 m Finish elevation 60 m

Elevation change 0.0 m/km Percent separation 0.0% for 1 km; 0.5% for half marathon

Measurer Information

Measurer name Roger Burrows

Measurement date 2026-08-25 Expiry date 2035-12-31

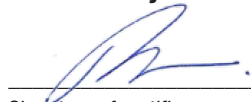

Official Notice

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the **Road Running Technical Council**. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Validation of Course

In the event a **National Open Record** is set on this course, or at the discretion of **Athletics Canada**, a validation remeasurement may be required to be performed by a qualified measurer. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

Fall Classic Racewalks Ottawa Stadium — 300 Coventry Rd

Measured 2026 August 25

1000m loop

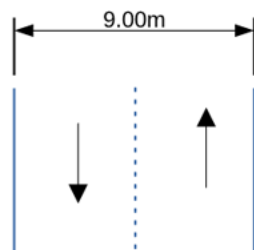

Notes

- the 1k loop course is entirely on the roadway around the Ottawa Stadium at 300 Coventry Road
- to separate the walkers, cones must be placed equidistant from either side of the road, especially as shown at the 6 points A—F, measurements on page 2
- cones must be placed at both turnarounds at a 1.0m radius

Fall Classic Race Walks Ottawa Stadium

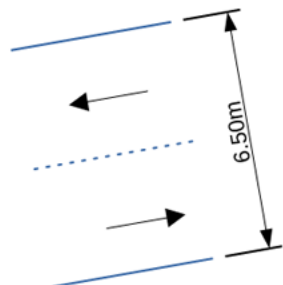

Point A

- taken at the first (northernmost) crosswalk on the start straight. Road width between the kerbs along this straight 9.00m, with cones to be at 4.50m. This coincides with an existing yellow centre line, as on regular roads

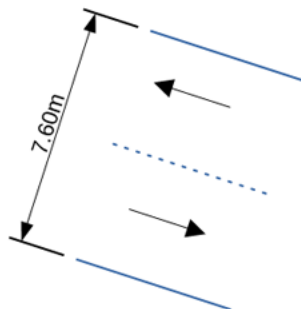

Point D

- taken at the top of the slope, also between the kerb on the south side and the south edge of the line of regular parking spots on the Stadium side. Road width 6.50m, with cones to be at 3.25m

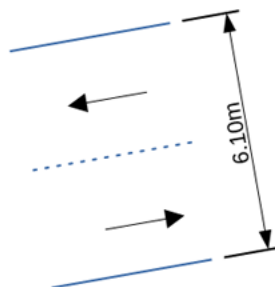

Point B

- taken between the kerbs at the start of a round section of decorative paving almost at the base of the steps to the 417 overpass. Road width 7.60m, with a cone to be at 3.80m. This cone and one at the very south end of the permanent yellow line will mark the 90-degree turn.

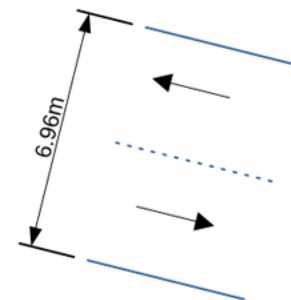

Point E

- taken between the kerbs at the Entrance, to the 90-degree turn towards Coventry Road, marked by two "No Exit" signs. Road width 6.10 m, with cones to be at 3.05m

Point C

- taken about 80m east of Point B, at the easternmost bicycle rack. Measurement between the kerb on the south side and the south edge of the line of handicapped parking spots on the Stadium side. Road width 6.96 m, with cones to be at 3.48 m.

Point F

- taken at the north support pillar of the baseball scoreboard on the "back straight". The pillar has a "Fire route" sign attached, and a similar sign is located on the opposite (east) side. Road width 9.04m, with cones to be at 4.52m
